Dear George,

You really accomplished a feat— keeping registrants interested up to the very last moment. No one was interested in leaving your presentation- they were spell bound!

The uniqueness of your topic was enjoyed and relished by all and the manner of your presentation was thought-provoking.

Evaluation questionnaires rated you as one of the highest rated speakers for content and delivery. We are all most grateful to have you as part of our Birmingham faculty.

Sincerely,

A handwritten signature in black ink, appearing to read "Lyndle Dorrell". The signature is fluid and cursive, with a large initial "L" and "D".
